Response to Item 11

Japan External Trade Organization (JETRO), Tokyo, Japan:

The Japan External Trade Organization (JETRO), established by a special law in Japan, is a non-profit, Japanese-government supported organization dedicated to promoting mutually beneficial trade and economic relations between Japan and other countries.

In the United States, JETRO currently maintains offices in New York, San Francisco, Chicago, Los Angeles, Houston, and Atlanta. These offices provide information relating to the Japanese economy and business as well as U.S.-Japan economic and trade relations and engage in various activities to promote trade and direct investment between Japan and the United States. JETRO offices in the United States are believed to serve similar functions as those of the United States Trade Center (of the United States Department of Commerce) established in Japan.

As the New York-based office of JETRO, JETRO New York provides to public officials, corporations, associations, individuals and any other interested parties information and materials relating to various aspects of Japanese economy and business as well as U.S.-Japanese economic and trade relations. JETRO New York also monitors the development of U.S. economic and market conditions for JETRO.

Kanagawa Prefectural Government:

JETRO New York also serves as a branch office of the Kanagawa Prefectural Government. As such, JETRO New York engages, to a limited extent, in activities to promote mutually beneficial economic and business relations between the United States and the Kanagawa Prefectural Government. As part of such activities, JETRO New York provides information and materials relating to the Kanagawa Prefectural Government. It also monitors U.S. economic and market conditions for the Kanagawa Prefectural Government.
